3. Policy

3.1 Act with integrity. We obey the law in every country where we operate. Where this Code sets a higher standard than local law, we follow the Code.

3.2 Anti-bribery and corruption. We never offer, pay, request or accept bribes, kickbacks or facilitation payments, directly or through third parties. This applies under local law and under international laws such as the US Foreign Corrupt Practices Act and the UK Bribery Act.

3.3 Gifts and hospitality. Gifts or hospitality worth more than USD 100 (or local equivalent) must be declared in the portal gift register and approved by your manager. Cash or cash-equivalent gifts are never accepted. Nothing may be given or received during a tender.

3.4 Conflicts of interest. Declare any personal, family or financial interest that could influence your work, including outside jobs, board seats and relatives who work for suppliers or competitors. Declarations are made in the portal and reviewed each year.

3.5 Company assets and information. Use company money, equipment, data and time for legitimate business. Protect confidential information and intellectual property during and after employment.

3.6 Fair competition. Do not agree prices, markets or bids with competitors, or share competitively sensitive information.

3.7 Accurate records. Record every transaction, expense, timesheet and payroll entry honestly and on time. Falsifying records is gross misconduct.

3.8 Responsible AI. Our AI and robotics products are designed to be safe, fair, transparent and respectful of privacy. Report any product risk you notice through Speak Up.

3.9 Speaking up. Raise concerns early with your manager, HR, Legal or the confidential Speak Up channel. Retaliation is forbidden.

5. Country addenda

Where the law of Kenya, Uganda, Tanzania, South Africa, Egypt, Nigeria, Mexico or New Zealand gives employees greater rights than this policy, the law applies. Each country's HR lead keeps a short addendum listing local differences, published with this policy in the Policy Centre.
