Version	0.1 (draft for review)	**Next review**	12 months after approval

1. Purpose

Lets employees share in the success of Mindspace Artificial Intelligence Inc. through options or restricted stock units over its shares.

2. Scope

All employees, interns, contractors and temporary staff of Mindspace Artificial Intelligence Inc. and its subsidiaries in Kenya, Uganda, Tanzania, South Africa, Egypt, Nigeria, Mexico and New Zealand, and remote staff in any other country (including those engaged through an Employer of Record), whether on-site, hybrid or fully remote. Eligibility for individual grants is set by the plan rules.

3. Policy

3.1 Eligibility. Permanent employees who have passed probation are eligible for grants; grants are made at joining for key roles and in an annual cycle.

3.2 Vesting. Standard vesting over 4 years: 25% after 1 year (the cliff), then monthly or quarterly over the next 3 years.

3.3 Exercise. Vested options can be exercised during open trading windows, by cash or cashless exercise where available.

3.4 Leavers. Unvested awards lapse on leaving. Good leavers (for example redundancy, retirement, ill health) keep vested options for 90 days or longer as the plan allows; bad leavers may lose vested options.

3.5 Change of control. If the company is sold, unvested awards may accelerate as set out in the plan rules.

3.6 Tax. Tax on grant, vesting or exercise differs by country; any employee tax and social security due is withheld through payroll. Employees are encouraged to seek personal tax advice.

3.7 Insider trading. Employees may not trade on inside information and must follow blackout periods.

3.8 Plan documents. The legal plan rules prevail over this summary.

4. Responsibilities

- **Compensation team:** Administer grants and the portal ESOP view.
- **Finance and Legal:** Handle securities and tax compliance.

5. Country addenda

Where the law of Kenya, Uganda, Tanzania, South Africa, Egypt, Nigeria, Mexico or New Zealand gives employees greater rights than this policy, the law applies. Each country's HR lead keeps a short addendum listing local differences, published with this policy in the Policy Centre.
