Version	0.1 (draft for review)	**Next review**	12 months after approval

1. Purpose

Explains openly what the daily activity tracker and company systems record about employees, why, and how the data is protected.

2. Scope

All employees, interns, contractors and temporary staff of Mindspace Artificial Intelligence Inc. and its subsidiaries in Kenya, Uganda, Tanzania, South Africa, Egypt, Nigeria, Mexico and New Zealand, and remote staff in any other country (including those engaged through an Employer of Record), whether on-site, hybrid or fully remote.

3. Policy

3.1 What is recorded. Clock-in and clock-out times, location at clock-in only when using office geofence or QR, daily work logs and timesheets, leave and attendance, and security logs of company systems.

3.2 What is not recorded. No screenshots, keystroke logging, webcam or microphone monitoring, or continuous location tracking.

3.3 Why. To pay staff correctly (overtime, shift allowances), plan work, meet legal working-time records, and keep systems secure.

3.4 Who can see it. Employees see all their own data. Managers see their team's attendance and work logs. HR and Payroll see what their role needs. Security logs are seen only by IT Security.

3.5 Retention. Attendance and timesheets are kept as long as payroll records; security logs for 12 months unless needed for an investigation.

3.6 Your rights. Ask questions or correct records through HR or HR-F18. Concerns can be raised through Speak Up.

4. Responsibilities

- **HR:** Keep this notice current and consult employee representatives where law requires.
- **Managers:** Use data only for the stated purposes.

5. Country addenda

Where the law of Kenya, Uganda, Tanzania, South Africa, Egypt, Nigeria, Mexico or New Zealand gives employees greater rights than this policy, the law applies. Each country's HR lead keeps a short addendum listing local differences, published with this policy in the Policy Centre.
